### DETAILED ACTION

1. This application is a continuation of SN 09/254,530. All claims as originally filed in the parent case were presented. A restriction was made in the parent application and hereby incorporated as following:

#### *Election/Restrictions*

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in response to this action, to elect a single invention to which the claims must be restricted.

Group I, claims 10-14, 18-24, drawn to  $m+n=3$ , piperidinyll compounds. Generic claims 1-9, 26-31 reading on the elected compounds can be prosecuted together with the elected compounds.

Group II, claims 15-17, 25, drawn to  $m+n=2$ , pyrrolidinyl compounds. Generic claims 1-9, 26-31 reading on the elected compounds can be prosecuted together with the elected compounds.

Group III, claims 1-9, 26-31, drawn to  $m+n=1$ , four membered ring compounds.

2. The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: compounds of groups I-III lacks common core. In addition, according to PCT Rule 13.2 ANNEX B, section(f), the species lacks the same or corresponding special technical features when at least one of the Markush alternatives is not novel. In the instant case, it is found that EP 780,386 (see PCT search report) anticipates claim 1 (see p. 6, line 12).

Art Unit: 1625

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a petition under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(I).
